

Swallowfield plc Quality Policy

Swallowfield plc is a market leader in the development, formulation and supply of personal care and beauty products, since our origins in 1876.

Services include market analysis; design, formulation and testing of products; packaging design and sourcing; distribution and stock management.

The products that Swallowfield produces for its clients are likely to be found in many homes.

Swallowfield plc is fully committed to supplying safe & legal products, meeting or exceeding our customer's requirements through our quality management activities.

We aim to supply products that fully comply with:

Customers own specifications

Swallowfield plc specifications

Any other specification or regulations that may be applicable to the product under consideration

We will establish and review business and quality objectives through our Vision, Mission & Values that are customer focussed and committed to Building a Better Swallowfield.

We are committed to complying with requirements of the certification standards listed in our quality manual and to maintain the effectiveness of the quality management system.

We will train and develop our workforce to achieve these goals.

We will review this policy annually to ensure it complies with changing standards, legislation, technology and emerging concerns.
